#### **NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES**

This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the *Associations Incorporation Act 1991* (ACT). The Council has determined that the Association is not a reporting entity.

The financial report has been prepared on a cash basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following material accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

#### Initial application of AASB 15 and AASB 1058

The Association has adopted AASB 15 Revenue from Contracts with Customers and AASB 1058 Income of Not-for-Profit Entities for the first time in the current year with a date of initial application of 1 July 2019

The Association has applied AASB 15 and AASB 1058 using the cumulative effect method which means the comparative information has not been restated and continues to be reported under AASB 111, AASB 118, AASB 1004 and related interpretations.

There is no significant impact when applying AASB 15 and AASB 1058 given the simplicity of the Association's revenue streams.

## (a) Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less.

## (b) Revenue and Other Income

Annual membership subscriptions are recorded as revenue in the financial year that they relate to.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

#### Grant income

When the Association receives grant income, it assesses whether the contract is enforceable and has sufficiently specific performance obligations in accordance with AASB 15. When both conditions are satisfied, the Association:

- Identifies each performance obligation relating to the grant;
- Recognises a contract liability for its obligations under the agreement; and
- Recognises revenue as it satisfies its performance obligations. If the contract is not enforceable or does not have sufficiently specific performance obligations, the Association recognises income immediately in the profit and loss.

## (c) Goods and Services Tax (GST)

Association is not registered for GST.

# (d) Comparative information

Where appropriate, comparatives have been restated to ensure that they are compatible with disclosures in the financial statements for the year ended 30 June 2019.

#### (e) Income Tax

The Association is not exempt from Income Tax.
